

### Contents

**1**

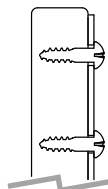

Affix brackets to posts as shown.

**2**

Choose appropriate wood screw hardware - based on plank material choice.

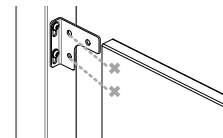

Plank Thickness	Recommended screw length
.82" (7/8")	5/8"
.93" (15/16")	3/4"

Wood screw (not included)

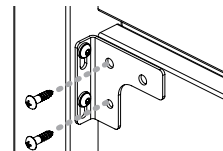

**3**

Mark and pre-drill as shown.

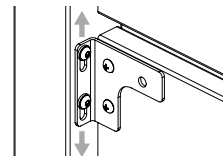

**4**

Secure plank with chosen wood screw hardware (not included).

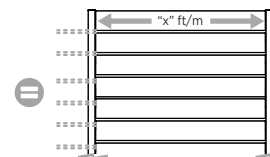

**5**

Leveling can be adjusted by loosening bracket to post screws and re-tightening.

**6**

Ensure consistent spacing between planks - use appropriate spacers if necessary.

Visit [www.distincthomeliving.com](http://www.distincthomeliving.com) for additional assembly instructions

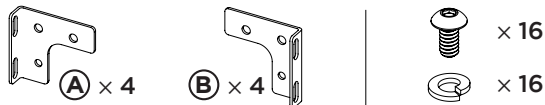

#### ⚠ CAUTION

Always wear safety goggles and gloves throughout this project.

#### IMPORTANT: READ BEFORE INSTALLATION

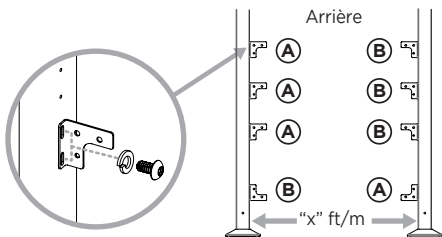

- Wood screws are sold separately.
- Ensure assembled parts are secured in place before leaving the structure unattended.

### Contenu

**1**

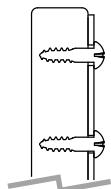

Fixez les supports aux montants du panneau, tel qu'illustré.

**2**

Choisissez les vis à bois qui conviennent au matériau de planche choisi.

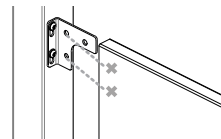

Épaisseur de la planche	Longueur de vis recommandée
.82" (7/8")	5/8"
.93" (15/16")	3/4"

Vis à bois (non comprise)

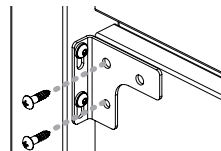

**3**

Marquez et pré-percez tel qu'illustré.

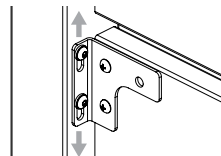

**4**

Fixez la planche à l'aide des vis à bois choisies (non comprises).

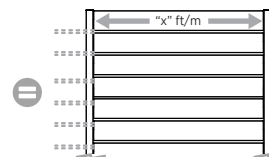

**5**

Pour mettre à niveau, desserrez les vis qui retiennent les supports aux montants, puis resserrez-les.

**6**

Veillez à espacer les planches uniformément - au besoin, utilisez des cales d'épaisseur appropriée.

Rendez-vous à [www.distincthomeliving.com](http://www.distincthomeliving.com) pour d'autres instructions d'assemblage

#### ⚠ ATTENTION

Vous devez porter des lunettes et des gants de protection pendant toute la durée des travaux.

#### IMPORTANT: A LIRE AVANT L'INSTALLATION

- Les vis à bois sont vendues séparément.
- Assurez-vous que les pièces assemblées sont solidement fixées avant de laisser la structure sans surveillance.
